2. NECESSITY FOR BUY BACK

Share Buyback is the acquisition by a company of its own Shares. The objective is to return surplus cash to the members holding Equity Shares of the Company. The Board at its meeting held on Friday, August 5, 2016, considered the accumulated free reserves as well as the cash liquidity reflected in the audited accounts for the financial year ended March 31, 2016 and considering these, the Board decided to allocate a sum of not exceeding ₹ 2171,15,56,379 (Rupees Two Thousand One Hundred Seventy One Crore Fifteen Lakh Fifty Six Thousand Three Hundred Seventy Nine only) for returning to the members holding Equity Shares of the Company through the Buyback.

After considering several factors and benefits to the members holding Equity Shares of the Company, the Board decided to recommend Buyback of not exceeding 1,66,37,207 (One Crore Sixty Six Lakhs Thirty Seven Thousand Two Hundred Seven) equity shares (representing 6.93% of the total number of equity shares in the paid-up share capital of the company) at a price of ₹ 1,305 (Rupees One Thousand Three Hundred and Five only) per equity share for an aggregate consideration of not exceeding ₹ 2171,15,56,379 (Rupees Two Thousand One Hundred Seventy One Crore Fifteen Lakh Fifty Six Thousand Three Hundred Seventy Nine only). Buyback is a more efficient form of returning surplus cash to the members holding equity Shares of the Company, inter-alia, for the following reasons:

- The Buyback will help the Company to return surplus cash to its members holding Equity Shares broadly in proportion to their shareholding, thereby, enhancing the overall return to members;
- The Buyback, which is being implemented through the Tender Offer route as prescribed under the Buyback Regulations, would involve allocation of higher number of Shares as per their entitlement or 15% of the number of Shares to be bought back, reserved for the small shareholders. The Company believes that this reservation for small shareholders would benefit a large number of public shareholders, who would get classified as “small shareholder”;
- The Buyback may help in improving return on equity, by reduction in the equity base, thereby leading to long term increase in shareholders’ value;
- The Buyback gives an option to the members holding Equity Shares of the Company, who can choose to participate and get cash in lieu of Equity Shares to be accepted under the Buyback offer or they may choose not to participate and enjoy a resultant increase in their percentage shareholding, post the Buyback offer, without additional investment;
- Optimizes the capital structure.
